Released:
 June 2011

A single audit is designed to meet the needs of all financial report users, including an entity's federal grantor agencies. The audit determines if the financial schedules and/or financial statements are fairly presented; considers internal control over financial reporting and internal control over federal program compliance; determines compliance with requirements material to the financial schedules and/or financial statements; and assesses compliance with direct and material requirements of the major federal programs.

Internal Accounting and Administrative Control System:

Section 18.1489 of the *Michigan Compiled Laws* requires the Auditor General to evaluate the implementation of Sections 18.1483 - 18.1488 of the *Michigan Compiled Laws* and report to the Legislature in the financial audit of each department. As a result of Executive Reorganization Order No. 2007-31 (Consolidating Internal Audit Functions), in which responsibility for most of the sections was moved to the Office of Internal Audit Services,

Department of Management and Budget, we have evaluated the implementation of only Section 18.1485 in this financial audit. Section 18.1485 requires each department director to establish an internal accounting and administrative control system, defines the elements of that system, defines the duties of the department director, and provides for certain reports. We determined that the Department of Treasury was in substantial compliance with Section 18.1485 of the *Michigan Compiled Laws*.

The remaining sections (Sections 18.1483, 18.1484, and 18.1486 - 18.1488 of the *Michigan Compiled Laws*) will be evaluated and reported on in the performance audit of the Office of Internal Audit Services, Department of Technology, Management & Budget.
