**BACKGROUND**

The 15 State universities are required to report certain enrollment and other HEIDI data to the Legislature and DMB on a fiscal year basis. Instructions for reporting the data are included in the boilerplate of the annual appropriations act for higher education and in the DMB annual budget letter to State universities.

For fiscal year 1994-95, gross appropriations totaled over \$1.3 billion to the 15 State universities and the total number of fiscal year equated students enrolled at the 15 universities was over 206,000. For the 5 selected universities audited for fiscal year 1994-95, gross appropriations totaled approximately \$173 million and the total number of fiscal year equated students was approximately 37,000.

AND  
CONCLUSION**

**Audit Objective:** To assess 5 State universities' compliance with selected enrollment and other HEIDI data reporting provisions of the appropriations act and the DMB annual budget letter.

**Conclusion:** Our assessment did not disclose any instances of noncompliance that could have caused a material misstatement\* of the enrollment and other HEIDI data reported by the selected universities (Grand Valley State University, Michigan Technological University, Northern Michigan University, Oakland University, and Saginaw Valley State University). However, at Northern Michigan University, we noted instances of noncompliance regarding two of the enrollment reporting requirements (Findings 1 and 2).
