Auditor General

June 1, 2017

Dear Governor Snyder, Senators, and Representatives:

This letter provides information regarding the status of our audit projects that either began or transitioned into new audit phases during May 2017. Please refer to our website's [Work in Process](#) for a complete listing of ongoing projects. Although you will no longer receive individual letters reporting the start of audits or approved audit objectives, we would be pleased to discuss with you any interests or areas of concern you have with any of our ongoing projects.

Planning Phase - These are new projects. Typical activities include conducting: the audit entrance meeting; a preliminary survey to identify the audited entity's core activities; assessments of risks and corresponding controls to identify potential program or process improvements or deficiencies; interviews with management and staff, development of detailed audit objectives, and many other tasks.

Audits Terminated - For these projects, after completing the planning phase, we concluded that significant risk did not exist to warrant additional use of audit resources or that extenuating circumstances supported the termination of the project. We issued a Preliminary Survey Summary to reflect this conclusion, distributed copies to management and select legislative members, and posted the summaries on our website.
