Independent Auditor's Report on
the Financial Schedules

Valerie P. Simmons, J.D., Chair
Civil Rights Commission
and
Linda V. Parker, J.D., Director
Department of Civil Rights
Capitol Tower Building
Lansing, Michigan

Dear Ms. Simmons and Ms. Parker:

We have audited the financial schedules of the Department of Civil Rights for the fiscal years ended September 30, 2004 and September 30, 2003, as identified in the table of contents. These financial schedules are the responsibility of the Department's management. Our responsibility is to express an opinion on these financial schedules based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial schedules are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial schedules. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial schedule presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the financial schedules present only the revenues and the sources and disposition of authorizations for the Department of Civil Right's General Fund accounts, presented using the current financial resources measurement focus and the modified accrual basis of accounting. Accordingly, these financial schedules do not purport to, and do not, constitute a complete financial presentation of either the

Department or the State's General Fund in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial schedules referred to in the first paragraph present fairly, in all material respects, the revenues and the sources and disposition of authorizations of the Department of Civil Rights for the fiscal years ended September 30, 2004 and September 30, 2003 on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 23, 2005 on our consideration of the Department's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of the internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The schedule of expenditures of federal awards, required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and other supplemental financial schedules, as identified in the table of contents, are presented for purposes of additional analysis and are not a required part of the Department's financial schedules referred to in the first paragraph. Such information has been subjected to the auditing procedures applied in the audit of the financial schedules and, in our opinion, is fairly stated, in all material respects, in relation to the financial schedules taken as a whole.

Notes to the Financial Schedules

Note 1 Significant Accounting Policies

a. Reporting Entity

The accompanying financial schedules report the results of the financial transactions of the Department of Civil Rights (DCR) for the fiscal years ended September 30, 2004 and September 30, 2003. The financial transactions of DCR are accounted for principally in the State's General Fund and are reported on in the *State of Michigan Comprehensive Annual Financial Report (SOMCAFR)*.

The notes accompanying these financial schedules relate directly to DCR. The SOMCAFR provides more extensive disclosures regarding the State's significant accounting policies; budgeting, budgetary control, and legal compliance; and pension benefits and other postemployment benefits.

b. Measurement Focus, Basis of Accounting, and Presentation

The financial schedules contained in this report are presented using the current financial resources measurement focus and the modified accrual basis of accounting, as provided by generally accepted accounting principles applicable to governments. Under the modified accrual basis of accounting, revenues are recognized as they become susceptible to accrual, generally when they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred; however, certain expenditures related to long-term obligations are recorded only when payment is due and payable.

The accompanying financial schedules present only the revenues and the sources and disposition of authorizations for DCR's General Fund accounts. Accordingly, these financial schedules do not purport to, and do not, constitute a complete financial presentation of either DCR or the State's General Fund in conformity with generally accepted accounting principles.

Note 2 Schedule of Sources and Disposition of General Fund Authorizations

The various elements of the schedule of sources and disposition of General Fund authorizations are defined as follows:

- a. General purpose appropriations: Original appropriations and any supplemental appropriations that are financed by General Fund/general purpose revenues.
- b. Restricted financing sources: Collections of restricted revenues, restricted transfers, and restricted intrafund expenditure reimbursements to finance programs as detailed in the appropriations act. These financing sources are authorized for expenditure up to the amount appropriated. Depending upon program statute, any amounts received in excess of the appropriation are, at year-end, either converted to general purpose financing sources and made available for general appropriation in the next fiscal year or carried forward to the next fiscal year as either restricted revenues - authorized or restricted revenues - not authorized. In fiscal year 2003-04, restricted revenues totaling \$289,513 were converted to general purpose financing sources.
- c. Encumbrances: Authorizations carried forward to finance payments for goods or services ordered in the old fiscal year but not received by fiscal year-end. These authorizations are generally limited to obligations funded by general purpose appropriations.
- d. Balances lapsed: Authorizations that were unexpended and unobligated at the end of the fiscal year. These amounts are available for legislative appropriation in the subsequent fiscal year.

Valerie P. Simmons, J.D., Chair

Linda V. Parker, J.D., Director
Department of Civil Rights
Capitol Tower Building
Lansing, Michigan

Dear Ms. Simmons and Ms. Parker:

We have audited the financial schedules of the Department of Civil Rights for the fiscal years ended September 30, 2004 and September 30, 2003, as identified in the table of contents, and have issued our report thereon dated February 23, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Department's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial schedules and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial schedules being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Department's financial schedules are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial schedule amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Civil Rights Commission, the State's management, the Legislature, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

Civil Rights Commission
and
Linda V. Parker, J.D., Director
Department of Civil Rights

Dear Ms. Simmons and Ms. Parker:

Compliance

We have audited the compliance of the Department of Civil Rights with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each major federal program for the two-year period ended September 30, 2004. The Department's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each major federal program is the responsibility of the Department's management. Our responsibility is to express an opinion on the Department's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to in the previous paragraph that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Department's compliance with

those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Department's compliance with those requirements.

In our opinion, the Department of Civil Rights complied, in all material respects, with the requirements referred to in the first paragraph that are applicable to each major federal program for the two-year period ended September 30, 2004.

Internal Control Over Compliance

The management of the Department is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Department's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Civil Rights Commission, the State's management, the Legislature, and the federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

questioned cost

A cost that is questioned by the auditor because of an audit finding: (1) which resulted from a violation or possible violation of a provision of a law, regulation, contract, grant, cooperative agreement, or other agreement or document governing the use of federal funds, including funds used to match federal funds; (2) where the costs, at the time of the audit, are not supported by adequate documentation; or (3) where the costs incurred appear unreasonable and do not reflect the actions a prudent person would take in the circumstances.

reportable condition

A matter coming to the auditor's attention relating to a significant deficiency in the design or operation of internal control that, in the auditor's judgment, could adversely affect the entity's ability to (1) initiate, record, process, and report financial data consistent with the assertions of management in the financial schedules and/or financial statements or (2) administer a major federal program in accordance with the applicable requirements of laws, regulations, contracts, and grants.

Single Audit

A financial audit, performed in accordance with the Single Audit Act Amendments of 1996, that is designed to meet the needs of all federal grantor agencies and other financial report users. In addition to performing the audit in accordance with the requirements of auditing standards

generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, a Single Audit requires the assessment of compliance with requirements that could have a direct and material effect on a major federal program and the consideration of internal control over compliance in accordance with OMB Circular A-133.

unqualified opinion

An auditor's opinion in which the auditor states that:

- a. The financial schedules and/or financial statements presenting basic financial information of the audited agency are fairly presented in conformity with the disclosed basis of accounting; or
- b. The financial schedules and/or financial statements presenting supplemental financial information are fairly stated in relation to the basic financial schedules and/or financial statements. In issuing an "in relation to" opinion, the auditor has applied auditing procedures to the supplemental financial schedules to the extent necessary to form an opinion on the financial schedules and/or financial statements, but did not apply auditing procedures to the extent that would be necessary to express an opinion on the supplemental financial schedules taken by themselves; or
- c. The audited agency complied, in all material respects, with the cited requirements that are applicable to each major federal program.
