We conducted this follow-up to determine whether LARA had taken appropriate corrective measures in response to the two material conditions noted in our May 2015 audit report.

Executive Order No. 2015-4 transferred the Division from the Michigan Department of Health and Human Services (MDHHS) to LARA effective April 10, 2015. The prior audit findings were addressed to MDHHS, and LARA provided the agency responses. In addition, LARA renamed the Adult Foster Care and Homes for the Aged Licensing Division as the Adult Foster Care and Camps Licensing Division.

Ms. Shelly Edgerton, Director  
Department of Licensing and Regulatory Affairs  
Ottawa Building  
Lansing, Michigan

Dear Ms. Edgerton:

I am pleased to provide this follow-up report on the two material conditions (Findings #1 and #7) and two corresponding recommendations reported in the performance audit of the Adult Foster Care and Homes for the Aged Licensing Division, Michigan Department of Health and Human Services (MDHHS). That audit report was issued and distributed in May 2015. Additional copies are available on request or at [www.audgen.michigan.gov](http://www.audgen.michigan.gov).

Executive Order No. 2015-4 transferred the Division to the Department of Licensing and Regulatory Affairs (LARA) effective April 10, 2015. The prior audit findings were addressed to MDHHS, and LARA provided the agency responses. In addition, LARA renamed the Adult Foster Care and Homes for the Aged Licensing Division as the Adult Foster Care and Camps Licensing Division.

Our follow-up disclosed that LARA had substantially complied with our recommendation regarding improvements to inspection documentation and had partially complied with our recommendation regarding the reporting of allegations to Adult Protective Services (APS). A material condition still exists related to reporting allegations of abuse, neglect, and/or exploitation to APS (Finding #7). Therefore, we have issued one repeat recommendation and one new recommendation.

We appreciate the courtesy and cooperation extended to us during our follow-up. If you have any questions, please call me or Laura J. Hirst, CPA, Deputy Auditor General.

Sincerely,

Doug Ringler  
Auditor General

# INTRODUCTION, PURPOSE OF FOLLOW-UP, AND AGENCY DESCRIPTION

---

## INTRODUCTION

This report contains the results of our follow-up of the two material conditions\* (Findings #1 and #7) and two corresponding recommendations reported in our performance audit\* of the Adult Foster Care and Homes for the Aged Licensing Division, Michigan Department of Health and Human Services (MDHHS), issued in May 2015.

Effective April 10, 2015, Executive Order No. 2015-4 transferred the Division to the Department of Licensing and Regulatory Affairs (LARA). The prior audit findings were addressed to MDHHS, and LARA provided the agency responses. In addition, LARA renamed the Adult Foster Care and Homes for the Aged Licensing Division as the Adult Foster Care and Camps Licensing Division.

## PURPOSE OF FOLLOW-UP

To determine whether LARA had taken appropriate corrective measures to address our corresponding recommendations.

## AGENCY DESCRIPTION

The Division licenses and regulates Adult Foster Care family, group, and congregate homes; camps; and county infirmaries (facilities\*) and homes for the aged\* (homes). The Division conducts on-site inspections to determine compliance with State law and licensing rules and policy. In addition, the Division conducts complaint\*, abuse\*, and neglect\* investigations of facilities and homes and pursues disciplinary action on licensees\* when appropriate.

# **PRIOR AUDIT FINDINGS AND RECOMMENDATIONS; AGENCY PLAN TO COMPLY; AND FOLLOW-UP CONCLUSIONS, RECOMMENDATIONS, AND AGENCY RESPONSE**

---

## **FINDING #1**

Audit Finding Classification: Material condition.

Summary of the May 2015 Finding:

The Division did not require inspectors to document their assessments, reviews, or verifications when licensees complied with licensing requirements or ensure that licensing study reports\* (LSRs) fully and accurately reported inspection activities.

Recommendation Reported in May 2015:

We recommended that the Division sufficiently document on-site licensing inspection review procedures and conclusions to assist MDHHS with ensuring proper oversight of facility and home licensees.

## **AGENCY PLAN TO COMPLY\***

LARA's plan to comply indicated that it would revise the LSR template to include relevant information, implement an Inspection Record to document licensing staff inspection activities, ensure that the LSR format includes information needed by the licensee to document compliance and by the public who rely upon the information, and document the assessment of compliance with rules related to resident funds and valuables on the Inspection Record.

## **FOLLOW-UP CONCLUSION**

LARA substantially complied with policies for documenting licensing inspection review procedures and conclusions.

Our follow-up noted:

- a. Substantially complied. We noted that LARA developed an Inspection Record to document licensing staff inspection activities and appropriately documented 92 (92%) of the 100 inspections reviewed.
- b. Complied. We verified that LARA updated the LSR template to include all relevant inspection procedures and that LARA properly reported all 100 inspections reviewed using the updated LSR template.
- c. Complied. We determined that LARA updated the LSR template to remove the statement that indicated that the licensee was in compliance with rules related to the handling and accounting of resident funds and valuables. LARA's consultants now document their assessment of compliance requirements related to resident funds and valuables only on the Inspection Record.

\* See glossary at end of report for definition.

## **FINDING #7**

Audit Finding Classification: Material condition.

Summary of the May 2015 Finding:

The Division did not notify MDHHS's APS of alleged abuse, neglect, and/or exploitation in 12 (25%) of 48 sampled complaint investigations as required by State statute and MDHHS policy.

Recommendation Reported in May 2015:

We recommended that the Division notify APS when it receives complaints alleging abuse, neglect, and/or exploitation of facility and/or home residents to help MDHHS ensure that it takes the appropriate actions to protect the health and safety of residents.

### **AGENCY PLAN TO COMPLY**

LARA's plan to comply indicated that it had revised its Licensing Policy Manual to clarify the definitions and circumstances of abuse, neglect, and exploitation\* investigated by APS and which are referred to APS.

LARA also indicated that it had created a new Bureau Information Tracking System\* (BITS) event and updated its policy to require staff to document APS referrals on BITS.

### **FOLLOW-UP CONCLUSION**

Partially complied. We reviewed 36 randomly selected complaint investigations that alleged abuse, neglect, and/or exploitation. Although LARA made considerable improvements, we noted that it did not notify APS of the allegations in 4 (11%) of the complaint investigations.

### **FOLLOW-UP RECOMMENDATIONS**

We again recommend that the Division notify APS when it receives complaints alleging abuse, neglect, and/or exploitation of facility and/or home residents to help LARA ensure that it takes the appropriate actions to protect the health and safety of residents.

We also recommend that the Division, in conjunction with APS, further refine its Licensing Policy Manual to clarify those complaints of abuse, neglect, and/or exploitation that the Division needs to refer to APS.

### **FOLLOW-UP AGENCY RESPONSE**

LARA provided us with the following response:

*LARA agrees with the finding and recommendations. LARA continues to remind staff via email and training of its policy to refer allegations of abuse, neglect, and exploitation to APS/central intake upon receipt. Direct managers have been instructed to look at the allegations when reviewing special investigation reports. If abuse, neglect, or exploitation is alleged, managers must verify that APS/central intake was notified.*

\* See glossary at end of report for definition.

*LARA will coordinate with APS to further refine its Licensing Policy Manual to clarify those complaints of abuse, neglect, and/or exploitation that the Division needs to refer to APS per MCL 400.11c. This will reduce referrals to APS.*

*While APS was not notified upon receipt of the allegation per policy, LARA did conduct an investigation for all 4 instances to determine if any Adult Foster Care licensing rules had been violated. In 3 of the 4 incidents, LARA's investigations were initiated within 1 day of receipt.*

## **FOLLOW-UP SCOPE AND PERIOD**

---

### **FOLLOW-UP SCOPE**

We interviewed LARA personnel and reviewed their corrective action plans to determine the status of compliance with the recommendations related to the material conditions.

We assessed LARA's efforts to sufficiently document on-site licensing inspection review procedures and conclusions. We visited six judgmentally selected field offices and reviewed the Division's updated inspection policies, revised reporting templates, and supporting documentation for 100 randomly selected facility and home inspections conducted during the period May 1, 2015 through January 20, 2016.

We assessed LARA's efforts to consistently notify MDHHS's APS when it received complaints alleging abuse, neglect, and/or exploitation of facility and/or home residents. We visited six judgmentally selected field offices and reviewed the supporting documentation for 36 randomly selected complaint investigations alleging abuse, neglect, and/or exploitation conducted during the period May 1, 2015 through January 25, 2016.

### **PERIOD**

Our follow-up was performed during January and February 2016.
