Dear Governor Whitmer, Senators, and Representatives:

This letter provides information regarding the status of our audit projects that either began or transitioned into new audit phases during September 2019. Please refer to our website's [Work in Progress](#) for a complete listing of ongoing projects. We would be pleased to discuss with you any interests or areas of concern you have with any of our ongoing projects.

Planning Phase - These are new projects. Typical activities include conducting: the audit entrance meeting; a preliminary survey to identify the audited entity's core activities; assessments of risks and corresponding controls to identify potential program or process improvements or deficiencies; interviews with management and staff, development of detailed audit objectives, and many other tasks.

Audits Terminated - For these projects, after completing the planning phase, we concluded that significant risk did not exist to warrant additional use of audit resources or that extenuating circumstances supported the termination of the project. When appropriate, we issued a Preliminary Survey Summary to reflect this conclusion, distributed copies to management and select legislative members, and posted the summaries on our website.
