Auditor General

November 2, 2020

Dear Governor Whitmer, Senators, and Representatives:

This letter provides information regarding the status of our audit projects that either began or transitioned into new audit phases during October 2020. Please refer to our website's Work in Progress for a complete listing of ongoing projects. We would be pleased to discuss with you any interests or areas of concern you have with any of our ongoing projects.

Planning Phase - These are new projects. Typical activities include conducting: the audit entrance meeting; a preliminary survey to identify the audited entity's core activities; assessments of risks and corresponding controls to identify potential program or process improvements or deficiencies; interviews with management and staff, development of detailed audit objectives, and many other tasks.

Department	Audit Title and Type	Project Number
	(Performance - per / Financial - fin / Follow-up - fol / Contracted - con / Single - sa / Review - rev / Investigative - inv)	
None		

Audits Terminated - For these projects, after completing the planning phase, we concluded that significant risk did not exist to warrant additional use of audit resources or that extenuating circumstances supported the termination of the project. When appropriate, we issued a Preliminary Survey Summary to reflect this conclusion, distributed copies to management and select legislative members, and posted the summaries on our website.

Department	Audit Title and Type	Project Number
None		

Audit Fieldwork - Typical activities include: additional management and staff interviews; detailed testing of financial transactions, case files, information systems, and other documentation which support the entity's operations; status updates with management and staff; and other tasks.

Department	Audit Title and Type	Project Number
None		

Please note that some projects, particularly financial audits and follow-up reports, operate from pre-established audit objectives and, therefore, move directly to the audit fieldwork stage.

Report Preparation - Typical activities include: preparing the draft audit report, discussion of draft findings with the audited entity, receipt of the entity's preliminary responses to findings, and other tasks.
