Expenditures  
Department of Environment, Great Lakes,  
and Energy (EGLE)*

**Report Number:  
761-3017-20**

**Released:  
November 2020**

Public Act 340 of 2016 requires the Office of the Auditor General (OAG) to conduct a final audit of the City of Flint's use of the \$25 million appropriated for water service line removal by January 1, 2020. Our audit report released in October 2019 addressed the final audit requirement. Also, on March 28, 2017, a U.S. district judge approved a settlement agreement that required the State to allocate \$87 million and set aside an additional \$10 million in reserves to pay for the replacement of residential lead and galvanized water service lines in the City of Flint. The settlement agreement required the State to request the OAG to conduct annual "financial" and performance audits of EGLE's administration of the payments or reimbursements described in paragraph 23 of the agreement. This performance audit addresses these requirements and is our third report on the expenditures of these funds.
