State of Michigan Auditor General Doug A. Ringler, CPA, CIA

The auditor general shall conduct post audits of financial transactions and accounts of the state and of all branches, departments, offices, boards, commissions, agencies, authorities and institutions of the state established by this constitution or by law, and performance post audits thereof.

The auditor general may make investigations pertinent to the conduct of audits.

Article IV, Section 53 of the Michigan Constitution

# Performance Audit Flint Emergency Expenditures State of Michigan

Report Number: 000-2020-21

Released: January 2021

On January 5, 2016, former Governor Rick Snyder declared a state of emergency for Genesee County (referred to as the Flint declaration of emergency) due to the ongoing health and safety issues caused by elevated lead levels in the City of Flint's drinking water. The Legislature enacted numerous appropriations to address this situation, both as supplemental appropriations to and transfers within the fiscal year 2016, 2017, and 2018 budget and spending authorizations provided in the fiscal year 2017, 2018, 2019, and 2020 budgets. As of September 30, 2020, appropriations totaled \$354.8 million and 10 State departments had expended a total of \$315.7 million. Public Act 3 of 2016 requires the Office of the Auditor General to audit the use of the funds appropriated for this emergency and report at a minimum of every six months until the funds are expended. This is our tenth report on the expenditure of these funds.

Dear Senators Stamps and Hartal and Paprocents	tives Albert and Tate:

Dear Senators Stamas and Hertel and Representatives Albert and Tate:

This is our performance audit report on the Flint Emergency Expenditures, State of Michigan.

We organize our findings and observations by audit objective.

Section 203, Public Act 3 of 2016, effective January 29, 2016, requires the Office of the Auditor General to audit the use of the funds appropriated for the Flint declaration of emergency and report to the chairs of the Senate and House Appropriations Committees at a minimum of every six months until the funds are expended. Our audit scope includes all funding for the Flint declaration of emergency as appropriated in Public Act 143 of 2015; Public Acts 3, 24, 249, 268, and 340 of 2016; Public Acts 107 and 108 of 2017; Public Acts 207 and 265 of 2018; and Public Acts 56, 58, and 67 of 2019 expended through September 30, 2020. This is the tenth of the reports required every six months.

We appreciate the courtesy and cooperation extended to us during this audit.

Sincerely,

love Kingler

Doug Ringler Auditor General

# AUDIT OBJECTIVES, CONCLUSIONS, FINDINGS, AND OBSERVATIONS

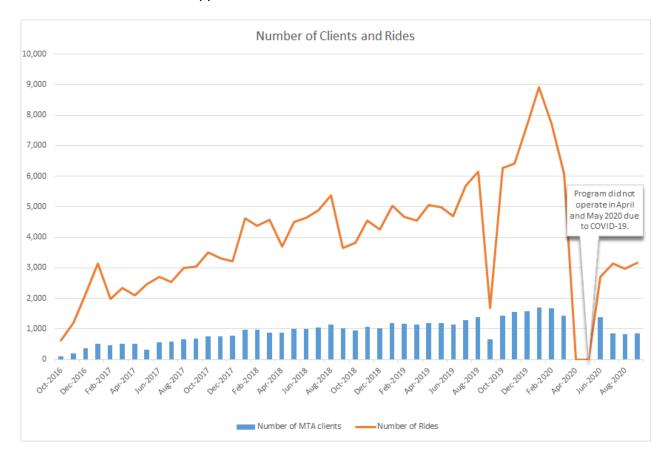

# APPROPRIATENESS OF EXPENDITURE OF FLINT DECLARATION OF EMERGENCY APPROPRIATIONS AS OF SEPTEMBER 30, 2020

AUDIT OBJECTIVE	To determine the appropriateness of State agencies' expenditure of the Flint declaration of emergency appropriations as of September 30, 2020.
CONCLUSION	Appropriate.

FACTORS IMPACTING CONCLUSION • We did not identify any significant errors in our review of the supporting documentation for the audited transactions.

### **OBSERVATION #1** Rides to Wellness is a health and wellness-related transportation program that is available for anyone currently receiving assistance from the Michigan Department of Health and Human Services (MDHHS) and living in the area affected by the water crisis. Types of assistance that would qualify include Medicaid/Medicare, Food Assistance Program, Child Development and Care, State Emergency Relief, State Supplemental Security Income, Cash Assistance Program, or Direct Support Services. We identified between 75,000 and 81,000 eligible beneficiaries per month who qualified for at least one of these programs living in a Flint zip code for the months between October 2016 and September 2020. We found that over the four years 5,726 people have used the Rides to Wellness program. The number of people utilizing the program may be higher because Flint Mass Transportation Authority (MTA) only logs one person on a ride.

MDHHS contracts with MTA to provide the rides to eligible clients. Clients can only make trips to medical-related locations or approved food locations and back home.

# EXPENDITURES OF FLINT DECLARATION OF EMERGENCY APPROPRIATIONS

BACKGROUND	Public Act 3 of 2016 requires the Auditor General to conduct an audit of the use of the funds appropriated for the Flint declaration of emergency and to continue to audit and report on the use of these funds every six months until the funds are expended. Due to the ongoing nature of the audit, not all reported expenditures were audited by the end of our fieldwork. Reported expenditures not subject to audit during the prior or current audit will be considered for audit during our next audit of the Flint Emergency Expenditures, unless otherwise noted. The OAG prepared the exhibits based on the State agencies' reported expenditures to the State Budget Office (SBO).
AUDIT OBJECTIVE	To report State agencies' expenditures of the Flint declaration of emergency appropriations.
CONCLUSION	Information provided.
FACTORS IMPACTING CONCLUSION	• We reported the agencies' expenditures of the appropriations as of September 30, 2020.

(1) EGLE reallocated funding between the July 2020 audit and the current audit. The total amount appropriated did not change.

(2) Replacement of Lead Service Lines:

#### Audit Methodology and Results

The appropriations act boilerplate requires the Auditor General to conduct a preliminary audit of the City of Flint's use of these funds upon the City's receipt of \$10 million of the \$25 million. The audits were conducted and reported separately in the Flint Water Service Line Replacement Expenditures reports (761-3017-17 and 761-3017-19) issued in June 2018 and October 2019, respectively.

# Public Act 107 of 2017

Appropriated: \$5,500,000

Authorized Uses: Section 451 and Legislative Transfer 2018-1

Section 451: Work project appropriation. This funding will be used to install a water main to connect treated water from the Great Lakes Water Authority (GLWA) to Genesee County Drain Commission (GCDC) customers and the City of Flint. This water main will enable GCDC customers to receive treated water from the Genesee County water treatment plant and allow the City of Flint to continue receiving treated water from GLWA.

Legislative Transfer 2018-1: A \$2.2 million transfer from the Drinking Water Declaration of Emergency Reserve Fund to complete residential water testing programs and contractual services of an integrity oversight monitor related to service line replacements.

(1) Child and Adolescent Health Centers:

## Audit Methodology and Results

**July 2020 Audit:** We reviewed 12 randomly and judgmentally sampled expenditures totaling \$179,394 and determined that they were appropriately supported, approved, and charged to the appropriation. We did not identify any errors.

Current Audit: We did not conduct additional testing during this audit.

# Public Act 107 of 2017

Appropriated: \$21,541,700

Authorized Uses: Section 1905 and Legislative Transfer 2018-1

Section 1905: MDHHS shall allocate funds to address needs in a city in which a declaration of emergency was issued because of drinking water contamination. These funds may support, but are not limited to, the following activities:

- (a) Nutrition assistance, nutritional and community education, food bank resources, and food inspections.
- (b) Epidemiological analysis and case management of individuals at risk of elevated blood lead levels.
- (c) Support for child and adolescent health centers, CHAP, and pathways to potential programming.
- (d) Nursing services, breastfeeding education, evidence-based home visiting programs, intensive services, and outreach for children exposed to lead coordinated through local community mental health organizations.
- (e) Department field operations costs.
- (f) Lead poisoning surveillance, treatment, and abatement.
- (g) Nutritional incentives provided to local residents through the Double Up Food Bucks Flint Expansion Program.
- (h) Genesee County health department food inspectors to perform water testing at local food service establishments.

Legislative Transfer 2018-1: The Legislature transferred \$7.5 million from the Drinking Water Declaration of Emergency Reserve Fund to support the Flint Community Outreach and Education (CORE) door-to-door program and Points of Distribution (POD) program at fixed sites. The programs support temporary jobs for the purpose of distributing bottled water and water filters, educating residents on the use of filters, staffing warehouses (\$6.0 million for the preceding items), and residential water sampling and testing (\$1.5 million).

(1) Replacement of Lead Service Lines:

#### Audit Methodology and Results

The settlement agreement required the State to request the OAG to conduct annual financial and performance audits of DEQ's administration of the payments or reimbursements described in paragraph 23 of the agreement. The replacement of lead service lines audit was conducted and reported separately in the second Flint Water Service Line Replacement Expenditures report (761-3017-19) issued in October 2019.

(2) Integrity Oversight Monitor:

#### Audit Methodology and Results

**July 2020 Audit:** We reviewed all expenditures totaling \$500,100 and determined that the expenditures were appropriately supported, approved, and charged to the appropriation.

Current Audit: We did not conduct additional testing during this audit.

### Summary of the Amended Settlement Agreement

The Amended Settlement Agreement (Agreement) was entered into on November 16, 2020 and filed on November 18, 2020. The defendants agreed to pay \$641,250,000 to the Flint Water Cases (FWC) Qualified Settlement Fund\*:

State Defendants*	\$600,000,000
Flint Defendants*	\$ 20,000,000
McLaren Defendants*	\$ 20,000,000
Rowe Professional Services Company	\$ 1,250,000

Upon legislative approval, the Michigan Strategic Fund will issue bonds to obtain and loan funds for the State Defendants' lump sum contribution to the FWC Qualified Settlement Fund. The State Defendants would make annual payments of approximately \$35,000,000 for a period of 30 years to repay this loan. The Agreement identified categories for claimants to qualify for compensation from the net funds from the FWC Qualified Settlement Fund. The net settlement funds equal \$641,250,000, less expenses, costs, and attorney fees permitted by the Agreement or the Final Orders and Judgments.

Exhibit A Exhibit B

Source: The OAG prepared this exhibit based on the Amended Settlement Agreement documents from the United States District Court, Eastern District of Michigan, Southern Division, Case No. 5:16cv-10444-JEL-MKM. On January 5, 2016, former Governor Rick Snyder declared a state of emergency for Genesee County (referred to as the Flint declaration of emergency) due to the ongoing health and safety issues caused by elevated lead levels in the City of Flint's drinking water. The state of emergency expired August 14, 2016.

The Legislature enacted numerous appropriations to address this situation, both as supplemental appropriations to and transfers within the fiscal year 2016, 2017, and 2018 budget and spending authorizations provided in the fiscal year 2017, 2018, and 2019 budgets. As of September 30, 2020, the end of the audit period for this report, 10 State departments had received appropriations totaling \$354.8 million (Exhibit #11).

Public Act 3 of 2016 requires the Office of the Auditor General (OAG) to audit the use of the funds appropriated for this emergency and report at a minimum of every six months until the funds are expended. This is our tenth report on the expenditure of these funds.

# AUDIT SCOPE, METHODOLOGY, AND OTHER INFORMATION

AUDIT SCOPE	To determine if the expenditures charged to Flint declaration of emergency appropriations were appropriate and to report those expenditures. Our audit was limited to expenditures reported by September 30, 2020 and funded by Public Act 143 of 2015; Public Acts 3, 24, 249, 268, and 340 of 2016; Public Acts 107 and 108 of 2017; Public Act 207 and 265 of 2018; and Public Acts 56, 58, and 67 of 2019.
	Due to the ongoing nature of the audit, not all reported expenditures were audited by the end of our fieldwork. Reported expenditures not subject to audit during the prior or current audits will be considered for audit during our next audit of the Flint Emergency Expenditures, unless otherwise noted. We conducted this performance audit in accordance with generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our objectives.
PERIOD	Our audit procedures, which included audit planning, audit fieldwork, report preparation, and quality assurance, generally covered April 1, 2020 through September 30, 2020.
METHODOLOGY	We conducted various audit planning activities during our first audit to develop a basis for defining our audit objectives and scope. Because this audit was a continuation of the first audit, we utilized the same objectives and scope. During this audit, we:
	<ul> <li>Continued to meet with Office of Internal Audit Services and department staff to enhance our understanding of the controls established over expenditures and reporting.</li> </ul>
	<ul> <li>Reviewed SBO reports to gain an understanding of expenditures reported by State departments.</li> </ul>
OBJECTIVE #1	To determine the appropriateness of State agencies' expenditure of the Flint declaration of emergency appropriations as of September 30, 2020.
	To accomplish this objective, we:
	<ul> <li>Interviewed management and staff from State departments appropriated Flint emergency funding along with staff from local agencies to obtain an understanding</li> </ul>

	of their expenditures and related purchasing processes, payment mechanisms, and monitoring activities.
	• Reviewed source documentation supporting selected expenditures. Our samples were judgmentally and randomly selected. Therefore, we could not project the results to the overall populations.
<b>OBJECTIVE #2</b>	To report State agencies' expenditures of the Flint declaration of emergency appropriations.
	To accomplish this objective, we:
	<ul> <li>Updated the account coding used by 10 State departments for expenditure of appropriations.</li> </ul>
	<ul> <li>Extracted the expenditures charged to the appropriations from MAIN and SIGMA.</li> </ul>
	Obtained selected expenditure data from SBO.
CONCLUSIONS	We base our conclusions on our audit efforts and any resulting material conditions*, reportable conditions*, or observations*.
AGENCY RESPONSES	Not applicable.
PRIOR AUDIT FOLLOW-UP	Following is the status of the reported finding from our July 2020 performance audit of the Flint Emergency Expenditures, State of Michigan (000-2020-20):
	MDE did not seek legislative clarification or request an Attorney General Opinion to support the age criteria it used in charging costs for early intervention services. Instead, MDE requested division level guidance from the Department of Attorney General. On December 30, 2020, MDE informed us that it had not received a response. We concluded that MDE has not complied with the prior audit recommendation as of the date of this report.
SUPPLEMENTAL INFORMATION	Our audit report includes supplemental information presented as Exhibits #1 through #12.
	Occasionally, amounts appropriated, funding allocations, total expenditures, or expenditures subject to review may change between reports. In most instances, this is a result of agency coding changes, expenditure transfers, or errors identified during our review of expenditures. Exhibits are adjusted as we become aware of these changes.
